### Greens team in Vic

#### GEOHERMAL EXPLORER

GREENPOWER Energy and conventional energy company Greenerth Energy have signed an agreement to combine exploration activities including drilling and data where the companies licences overlap.

The agreement will result in cost reductions for both companies and is based on the co-ordination agreement Greenerth Energy has with Lakes Oil.

Greenerth's Gippsland Basin permits directly overlap with Greenpower's CSG permits EL4860, EL4862, EL4861, EL4877 and EL4807.
